

**WE ARE
HIRING
VACANCY**

Vacancy: BMG World Fluid Tech 512 South Africa
CNC Machine Operator V2977

Closing Date: 30 January 2023

JOB PURPOSE:

To manufacture manifold blocks and hydraulic cylinder parts like barrels, rods, glands, and pistons on a CNC machine using the correct cutting tools with the appropriate tolerances according to the manufacturing drawings supplied.

Job objectives/Principal accountabilities:

- To work efficiently.
- To manufacture cylinder components within tolerance using the correct gauges and measuring instruments to verify the sizes.
- To make sure that general maintenance on the machine is carried out.
- To ensure all work is performed in a safe and professional manner

Minimum Requirements:

- Grade 12 or N3
- Knowledge of processes
- Job knowledge
- Policy and procedure
- Industry knowledge
- Fitting hand skills
- Correct use of metal cutting tools
- Evaluation of mechanical equipment
- Professional use of measuring equipment
- Must be able to function under pressure and still be able to machine parts correctly and in a reasonable time.
- A good understanding of materials and their applications will be advantageous.

All internal applicants are required to complete an IVAF form signed off by line manager prior to submitting application.

Email CV's to: arshian@bmgworld.net - **"REF CNC Machine Operator V2977"**: must be quoted in subject of the e-mail.

Closing date for applications - 30 January 2023.

If you have not received notification regarding your application within 2 weeks, please accept that your application was unsuccessful
